

**WEST VIRGINIA DEPARTMENT OF TRANSPORTATION
DIVISION OF HIGHWAYS
DESIGN DIRECTIVE**

<p>DD-252 (FORMERLY DESIGN DIRECTIVE 206) ENVIRONMENTAL MITIGATION ITEMS <i>July 1, 2006</i></p>

All preparers of environmental documents shall prepare a listing of mitigation items to be incorporated into the project plans. Examples include:

1. A note will be added to the project general notes if the contractor's work hours are to be limited.
2. Locations on the project where no construction activity is to occur shall be so noted on the plans.
3. Weirs, boulders, or other items as required for certain channel changes will be shown on the plans with bid items.

The Environmental Mitigation Items listing will be submitted to the Director of the Engineering Division with the environmental document.
